## Do you have customers booking appointments to receive your services?

### Appointment Pro will transform your business **EASILY!**

Do you or staff spend a lot of time taking telephone bookings or checking online bookings and comparing to your paper booking records? You may be employing someone to take bookings or using an expensive telephone service. This all changes with Appointment Pro!

**Appointment Pro is a premium booking and calendar management system.  
Now you can take and manage bookings all from your website.**

#### **POWERFUL & Flexible**

Appointment Pro is feature-rich to enable busy business owners to accept, set and manage appointments, bookings and reservations.

**NO MORE PAPER BOOKINGS!**

#### **Your CUSTOMERS**

Customers can book their own appointments with just three clicks!

**Customers can even PAY for their appointment at the same time or leave a deposit.**

#### **Your STAFF**

With Appointment Pro you can set custom profiles for staff members and departments to display available time slots automatically. This means your customers can book an appointment with any department or a staff member.

#### **Google Calendar**

Appointment Pro is fully integrated with your Google calendar so that both you AND your clients can save appointments directly to Google Calendar without any special configuration. Now is that a benefit to your customers/clients?

Appointment Pro has over **45 Premium Features** that you would only expect to find on very expensive onsite appointment systems.
